Presentation Letter

Hello, in this presentation letter i will explain all my experince and some important points about me.

I am 21 years old, i started to work with 15 years old, in the area of childrens care, after that all my works they were about Customer Support, in 2021 i learned to speak in English and i apply to a program about cultural change in United State, i lived and worked (childrens care) in USA almost ten months, i done a course in Seattle college, and in June 2023 i came back to my country, Argentina. Now i am looking a new adventure and more experince, i take this decision to apply in a cruises job because i will like get this experince and dedicate all my energy and pasion in this work.

I am ready to start to work now, with pasion and dedication in every activity.

Thank you
