WORK EXPERIENCE

• **PRESENT - 2020**

BEAUTY CABINET

I built a comprehensive beauty space where I carry out treatments, sell products, organize the agenda with shifts, answer questions and clear doubts about the treatments I offer.

- Full body treatments: Relieving massages / relaxing massages / lymphatic drainage, moisturizing cell renewal / manicure and pedicure / permanent hair removal.
- Facial, neck and neckline treatments: anti-aging massages / lymphatic drainage / relaxing massages / skin cleansing with removal of impurities, permanent hair removal.

These are personalized services where I can talk to each patient prior to the treatment to understand why they are coming and be able to recommend what is best suited for their well-being. I sell them products to use at home to create a personalized routine.
