Profile.

My name is Braian Agustin Carlopio. I am a person who seeks perfection and I am very interested in details. I am very calm, I can work without problems once they have explained to me what I have to do. I am always curious and seek to improve every little thing, which is why I can ask simple questions in search of a more complex answer. I can be efficient in work teams, in small groups, and in person-to-person relationships.

Work experience.

JANOS Events

June 2023 / November 2023

Runner - Bachero - Waiter
