Titule :Nacional sport training (including musculación
Rehabilitation of accidenta or another things about medical
condición)

Institute / regulation center: CENARD (to olimpics atlets or
hight level training) BA capital city

Experience : A lot of years in CENARD or your another training station in BA city too. I have so much practice in musculación I have been sport personal training to olimpics group or team specialy chest musculación compiters . I training personal atlets for gral musculacion. Aprox during 6 wondfull years .

Personal training to groups in private institutes at BA capital .

Personal training of 2 temas oficiales bikes compiters

Trainnig groups of peoples too. Always love the groups . And a personal treatment to Will be better performance and results.

Out of program : I practice during a lot of My life all or almost sports because I like so much
At 3 start practice skate of figures .

Personal coments: I think they practice anywhere spor You like is fantastic choice . The SPORT is to relax . To teraphy for Main . To better they health . To be happy and generated endorfinas . To recreation . To distracted the rutine. To Will be a high atlets . To better your body . To be a better versión oficial You estetica for inside versión.

It's a form of life and a parte very important to have a wondfull life day to day .

Idioms : English in level advanced to read to listen and to write But because me deficient practice in that country My level of speak is a good intermedio or maybe a little advanced because I tray to practice alone or in my travels or for know peoples whith another countrys I like that I have a lot in Hostels for that reason .

Another : Intermedia italian and french for my educación

Another studies: I have a fluid internet and programs básicos to android or iOS and of grafic design programs. During a 2 years I studing computer programation .

P/D : I like so much that oportunity to work whith You . I hope choice me . I'm a good person a really training and very compromised whith my work . I love it.
